

THE BASICS

Us, our philosophy and herbs!

BASICS

TEA AND HERBS

Our products

- We have over 30 different internal health product
 - 5 Teas
 - 3 herbal blends
 - Samples
 - Make your own
 - Children, pregnant or lactating women should always consult a doctor before consuming herbal solutions. Some herbalist do not recommend products included in these teas for small children and pregnant and lactating women because of natural side effects to early development and childbirth.

Our products

- Technically all of our products blends are considered herbs even our tea blends, which include a variety of herbs and minerals
- We call our herbal mixes this to distinguish between powdered and course crushed herbs

Teas- Hormone Balance

- Hormone balancing
 - Does not contain hormones
 - Is not a medicine
 - Does improve skin look and feel
 - Includes products know for supporting Women's health
 - Typically see results within 48 hrs
 - Is not necessarily designed to stop acne or other skin conditions

Teas- Moisture

- Moisture
 - Does help promote increase skin hydration
 - May take up to 30 days
 - Should be used with a daily moisturizing regime
 - Does include a proprietary blend of hydrating sea minerals

Teas- Detox

- Detox
 - Contains water soluble natural detoxifiers including Dandelion
 - Should see results in less than one week
 - Most people can take this periodically and do not need to drink every day to see results
 - May help support mild acne and discoloration

Teas- Calming

- Calming
 - Contains high concentration of chamomile and feverfew which are natural calming herbs and may cause drowsiness
 - Also include skin softening herbs like Milk Thistle and high antioxidant green tea

Teas-women's health

- Does contain herbs and teas known for supporting an array of women's health needs.

Herbal mixes

- We carry high concentration powdered herbals mixes containing a proprietary blend of:
 - Plant extracts
 - Fruit and vegetable extracts
 - Enzymes and probiotics
 - Powdered herbs
- This is one of the best way for your system to absorb the nutrients uniquely found in these natural products.

Antioxidants

- These products contain a high concentration of molecules that prevent cellular destruction caused by free radicals.
- Good for skin and other stuff including disease prevention
- Many cultures consume aloe vera juice and natural berries, which contain high concentrations of antioxidants as natural health solutions

Probiotic

- Good bacteria that help
 - Boost immune system
 - Heavy detox
 - Support internal balance
